St. Paul's Class of 2022 is sponsoring an "NCAA March Madness Fundraiser" to help with the upcoming expenses of their 8th grade year. They are selling squares on March Madness Boards. There are 2 separate boards to choose from (\$25 Board & \$50 Board), each board has 100 squares. After all squares are sold, numbers are drawn at random. Those numbers are good for every game in tournament for multiple payouts per square. We will keep track of all boards and will issue payouts at the completion of tournament.

General Rules:

1. There are 64 teams selected for the 2021 NCAA Tournament There are 63 regular tournament games for potential payouts throughout the tournament.
2. Each "board" will pay out 63 times, one payout for every game played.
3. The winning square will be determined by ending digits of FINAL score of the game (winners are along the x-axis, losers along the y-axis)
4. Your square numbers are the same for all 67 games played in the tournament.
