Good afternoon,

First things first, we have the Belt of Truth.....our very own belt looks awesome!! Thank you to all of the families that turned in their belt. If you would still like to add to it, its not too late!

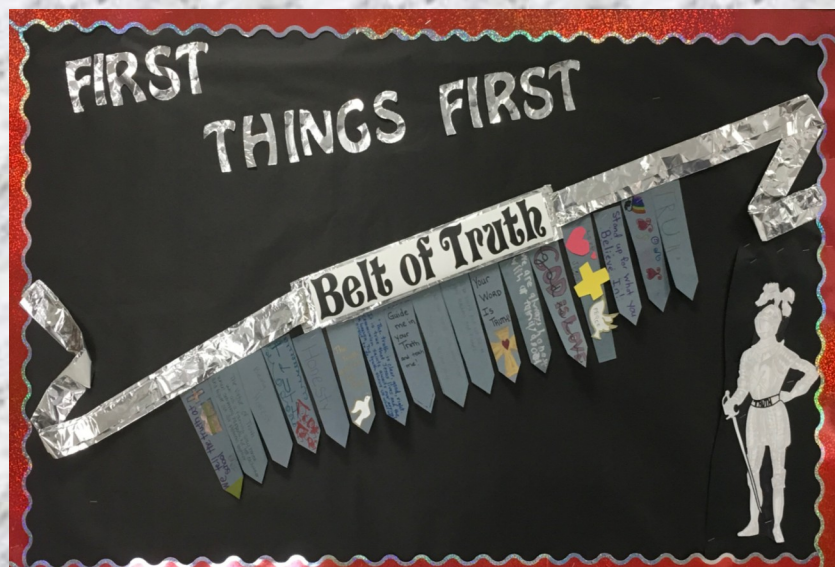

Today was a beautiful day as we were all able to spend some time with Jesus in the adoration chapel. We are so blessed to have this wonderful opportunity to be with Jesus.

Next week is the St. Paul School Scholastic Book Fair. On Family Night, October 6th, we would like to invite each family to focus on sharing a meal together and browsing the book fair together.

Parent - Teacher Conferences are set for Thursday, October 25th. There is a noon dismissal and conferences will begin at 1:00pm. Sign Ups for Conferences will be available on a table in the gym the night of Family Book Fair.

Have a blessed day,

Mrs. Kaimann

# Let's Build It Engineering!

Fall 2018

St. Paul School

## STEM Learning

GRADES 1-6

## HANDS ON

Let's Build It - Chain Reaction in Action! The ball rolls down the ramp, turns the switch, that moves the post, that activates the zip-line, that knocks the ball down the ramp and into the goal! In this STEAM program, students will be building Rube Goldberg "Mouse Trap" chain-reaction machines featuring levers, pulleys, and other simple machines. Engineering and physics concepts will be introduced and reinforced through hands-on, innovative lessons and creative play time. Problem solving skills and teamwork will be put to the test as the complexity of the projects increases from week to week. On the final class, there will be a building competition - How many contraptions can you connect in chain reaction? No previous experience is necessary, just a desire to learn and build. Each student will receive an award on the last day of the session, and have the opportunity to earn Energy Belts to demonstrate their learned skills!

# Faith Works!

- † What is it? A faith-based workshop for pre-k through elementary age. An opportunity for children of the parish to come together, learn about a bible verse and talk about how it relates to them.
- † How will it be run? Participants will be divided up during each workshop, to have a good cross-section of grades in each small group. Small groups will be led by volunteers.
- † What's the agenda?
  - † We'll start as a group with prayer and reading of a pre-selected bible verse which relates to the quarterly theme.
  - † Within in each group, the bible verse will be broken down and discussed as to how it relates to them.
  - † This discussion will be strengthened through a hands-on craft that the children can then bring home to their families.
  - † There will be a song and fun as well. The song will be performed quarterly at a designated mass.
