Let's Build It Engineering!

Winter 2020

St. Paul School

STEM Learning

HANDS ON

GRADES 1-6

Robotics - Gears and Gizmos- Design and build your own robot! Your child will explore the field of robotics through a series of exciting and dynamic lessons. Students will learn about mechanical engineering as they construct and use robots to complete tasks and engage in competitions. A variety of topics will be covered including gear ratios, electricity, rotation, friction, force, transmitters and LEDs. This course gives students the opportunity to experience the captivating world of robotics in an inviting and fun environment. No previous experience is necessary; both new and returning participants are welcome! Each participant will receive an award on the last day of the session and will have the opportunity to earn Energy Belts by demonstrating their learned skills.

Course Time: Tuesdays, December 10th - February 25th, 3:00 PM - 4:00 PM
No class: 12/24, 12/31 (10 Classes)

To sign up, please visit <https://www.learningmoreandfun.com/signup>

You will need to enter the class code **MOT12.16.19** in order to register. Please register by 12/3 for the early bird price of \$150.00.

If you have difficulty registering, please contact AfterSchool Enrichment Solutions at 947-482-9999 or registration@learningmoreandfun.com

No refunds will be made, unless there is insufficient enrollment. No make-ups will be scheduled for inclement weather or circumstances beyond our control. It's the parent's responsibility to notify the children about the classes.

Let's Code It Programming!

Winter 2020

St. Paul School

GRADES 2-8

Coobot Zone- The amazing Coobot rolls, spins, zig-zags, dances and flashes a rainbow of colors, all at your command! This cross-curriculum course brings coding and robotics together. Write some code on your computer, and the Coobot will act it out in front of you! Play fun coding games, challenge other robots to a race, and draw a colorful path for your Coobot to follow. This post-sized but powerful robot will be your partner in learning as we gain skills in logic, storytelling, sequencing, and problem-solving. Each student will receive an award on the last day of the session, and will have the opportunity to earn Code Belts to demonstrate their learned skills!

Course Time: Wednesdays, December 11th - February 26th, 3:00 PM - 4:00 PM

GRADES K-8

Develop your child's intellect through the royal game of chess! Current research has shown a strong link between chess and academic performance in a variety of areas, including mathematics and language arts. Also, chess has been proven to enhance children's motivation, concentration, focus, social skills, and creativity. No previous knowledge of chess is necessary. Each class will consist of a fun, interactive teaching period and guided practice time. Both beginner and experienced players are welcome and will get to the next level under the guidance of an experienced Chess Scholars coach. There will also be a chess competition with prizes at the end of the session!

Course Time: Thursdays, December 12th - February 27th, 3:00 PM - 4:00 PM
